

Priorities for People with Lung Disease Across East Midlands

A questionnaire sent to all BLF Breathe Easy groups across the East Midlands in Spring 2015

In Top 3

135 responses to date
>7 Breathe Easy groups

Conditions of the People responding:

- 63% COPD
- 18% asthma
- 9% IPF
- 10% bronchiectasis
- 18% carers

Bigger the text – the more it was reported

- Reassuringly, these largely fit with the EM Respiratory Programme priorities
- This work will inform future direction
- An ongoing programme of patient involvement has been established

With Huge Thanks to the BLF and Breathe Easy Groups
